See the difference™

Vivid & Bright Education Projector

PJD6253

ViewSonic's PJD6253 HD education projector features BrilliantColor™ technology for impressive color performance in the classroom. 1024 x 768 (XGA) resolution, 3,500 lumens and 15,000:1 contrast ratio offer outstanding digital clarity, sharp graphics and stunning video. Environmentally friendly DynamicEco™ mode provides energy savings and minimizes noise to eliminate distractions. With RGB and HDMI connectivity plus an integrated 10W speaker, educators can deliver excellent multimedia presentations to enhance the learning experience. Administrators can take advantage of Crestron RoomView® network control to remotely manage up to 250 projectors. And with 3-second power-on and instant power-off times, teaching has never been more efficient or effective.

1 High-impact presentations

The PJD6253 projector shines with 3,500 lumens of high brightness. 1024 x 768 (XGA) resolution and 15,000:1 contrast ratio provide clear, brilliant pictures with vivid colors. Make impressive presentations in medium and large classrooms without turning off the lights.

2 BrilliantColor™ technology

Latest BrilliantColor™ technology delivers stunning, all-digital clarity with lifelike color, sharp graphics and outstanding video. The sophisticated 6-segment color wheel enriches the yellow color performance that is key to accurate and vivid color reproduction.

3 Fast on, instant off

PJD6253 is an ideal, time-saving solution for efficient and effective teaching. It only takes 3 seconds to turn on the projector, while the Off-to-Go feature enables immediate shutdown and protects the lamp from sudden power blackouts. Simply unplug the projector and go without waiting for it to cool down.

4 70% energy savings with DynamicEco™ mode

The projector's environmentally friendly DynamicEco™ mode feature extends lamp life and lowers energy consumption up to 70%, saving you money and saving the planet. DynamicEco™ mode also reduces fan noise to eliminate distractions during class. It also advances contrast ratio to 15,000:1 to tailor for a professional projection performance.

5 Dynamic movie mode for amazing contrast

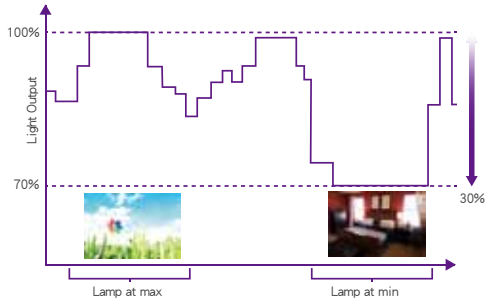
With dynamic movie mode, PJD6253 automatically detects image brightness and adjusts the contrast ratio for the most vivid viewing experience possible. When displaying dark images, the lamp automatically dims to strengthen black levels and reveal fine details. When displaying bright images, the lamp is turned up again to create brilliant, bright whites.

6 Crestron RoomView® network control

User-friendly Crestron RoomView® software lets you remotely manage up to 250 networked projectors through RJ45 connectivity. With real-time monitoring and control, schedule events and program e-mail alerts for projector lamp status.

Special Feature

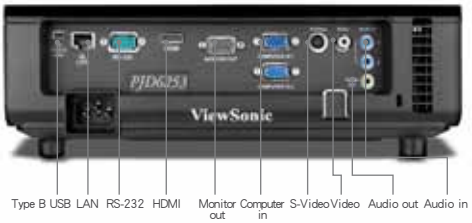
Dynamic Movie mode for amazing contrast



Dynamic Movie mode enhances image clarity, increases lamp life, and reduces power consumption and noise. Whether you're teaching, making a business presentation or enjoying entertainment, Dynamic Movie mode provides the best images for a high-quality viewing experience.

DynamicEco™ mode to save up to 70% power

ViewSonic's exclusive DynamicEco™ mode reduces projector brightness to 30% to extend lamp life and lower energy consumption. DynamicEco™ mode will automatically kick in when no signal is present, or can be manually enabled through a button on the remote. It also reduces fan noise to eliminate distractions.



Specifications — PJD6253

Item		Content
Display	Type	TI DMD 0.55"
	Resolution	1024 (H) x 768 (V)
	Lens	1.3X
	Keystone Correction	+40 ~ -40
	Projection Size	25" ~ 260"
	Projection Distance	1.5 ~ 6 meters
	Throw Ratio	1.51 ~ 1.91
	Lamp	OSRAM
	Lamp Life (Normal / Eco Mode)	3,500 / 5,000
	Brightness (Max.)	3,500
	Contrast Ratio (Max.)	15,000:1
	Aspect Ratio	4:3 / 16:9
	Color Depth	TI BrilliantColor™ Technology
	Color Wheel	6-Seg RGBCYW
Audio	Speaker	10W *1
Input Signal	Computer and Video	NTSC M (3.58 MHz), 4.43 MHz PAL (B, D, G, H, I, M, N, 60) SECAM (B, D, G, K, K1, L) 480i and 576i 480p and 576p 720p,1080i, 1080p
	Frequency	Horizontal: 31~100 kHz ; Vertical: 48~120 Hz
Compatibility	PC	1024 x 768 @ 60Hz (Native)
	MAC	1024 x 768 @ 75Hz (May require MAC adaptor)
Connector	RGB Input	DB-15 *2
	RGB Output	DB-15 *1
	HDMI Interface	*1
	Composite Input	RCA-1 *1
	Component Input	Share with RGB (RGB *1)
	Audio Input	3.5mm Mini-Mono Jack *2
	Audio Output	3.5mm Mini-Mono Jack *1
	RS232	DB-9 *1
	RJ-45	Yes
	Mini USB-B	*1 (Firmware Update / Mouse)
Power	Power Voltage	120 V ~ 240 Vac 50 / 60 Hz
	Power Consumption	361 W
